

# SECURED LIFE CORPORATION

## COMPANY INTRODUCTION

Secured Life Corporation, as the name suggests, is registered with the basic objective of providing services and consultancy in the area of advance planning for a respected life of all individuals. People work tirelessly day and night to fulfill their dreams throughout their life till they have capacity to run around, but they forget the life fact that they need to retire from active life someday and live a comfortable and esteemed life thereafter till their last breath. Our company provides you the solution to have such a glorious life. Our solution gives you a most trusted tool which starts working while you are in good form of career and starts supporting you while you are still going to be the best and remains with you till you are live on this planet.

## PRODUCT INTRODUCTION

Hardly a few people know that the Government of India has already devised a system which provides PENSION for all eligible people called NATIONAL PENSION SYSTEM. National Pension system or NPS is a product with an objective to provide post-retirement security to all citizens of this country. This system works for all between the age group of 18 to 65 years, whether employed or unemployed, farmers or businessmen, in short, all sections of society. There is an autonomous body to control and regulate the entire activity of NPS pan India called PFRDA (Pension Fund Regulatory and Development Authority). Like PAN card and Passport, which are government-approved legal identities, PRAN card (Permanent Retirement Account Number) is also a Govt identity issued by NSDL (National Securities and Depository Limited), a Central record-keeping Agency.

## CURRENT STATUS

Though enacted in 2005, this product is not much publicized and hardly 1-2% of people have been covered in the entire country. So, it is the Government's objective to make it approachable and make its awareness to all. Thus, there is a huge population still remaining to be covered. SECURED LIFE CORPORATION is one such company which works for awareness of this product as well as getting the people registered for Pension accounts.

## **SALIENT FEATURES OF NPS**
